

Yours

The Junior Doctors Protest Anthem

Verse 1:

If you love the NHS,
Want your health care at its best,
Then don't sit quietly,
Stand up and sing with me,
Don't forget you have a choice,
Shout it out and raise your voice,
Don't let your junior docs,
Be worked around the clock

Lives that we save
The price that we pay
Long hours turn into days

Yes we get run down
But still we stand proud
So listen when you hear us shout

[CHORUS]

Verse 2:

Every doctor loves the job they do
And we only want the best for you
Help us to keep you safe
Don't take our rights away
You come to us when you're in pain
But you and I are just the same
If the NHS survives
We can keep saving lives

To care for you,
Is what we do,
So hear us now we need you too

We stand as one
Together we're strong
They'll listen when they hear our song

[CHORUS x2]

CHORUS:

The NHS needs saving
And they're not listening
But we've got something to say
You can save us
Don't let them break us
We are your doctors
Let's keep it that way
The NHS should be yours
Let's keep it yours
Your lives are what we stand for
So let's keep it yours
